¹Pay-per-use rates apply to calls made to all other countries.

²FirstNet 5G Service: Limited availability; not avail. in most areas. See www.firstnet.com/coverage for coverage details. Req 's a compatible 5G device, FirstNet SIM, FirstNet 5G rate plan, and no Custom APN. 5G+ service is avail. only in limited parts of select cities within line-of-sight of cell site only. FirstNet 5G service not available outside the U.S. Other restrictions apply.

³First Priority[®] enables (a) priority access to the AT&T domestic 4G LTE network and the 4G LTE networks of AT&T's domestic rural providers connected to the FirstNet Evolved Packet Core; (b) preemption of other lower priority users' use of such network; and (c) prioritized treatment of select data traffic transmitted over such network. First Priority[®] requires a 4G LTE-compatible, FirstNet Capable device provisioned with an Approved Business Application using a FirstNet Trio Subscriber Identification Module (SIM card). Limited to Approved Business Application data traffic originated on and traversing over the AT&T 4G LTE network and the 4G LTE networks of AT&T's domestic rural providers connected to the FirstNet Evolved Packet Core.

⁴Connected Wearable: is a wireless phone designed to be worn that is capable of making/receiving calls without being connected to another wireless device. Only select connected wearables are available for use with the FirstNet SIM on the FirstNet Evolved Packet Core. Messaging requires compatible device. Connected Wearables have no plan usage in Canada and Mexico. Pay-per-use roaming rates apply. Select connected wearables do not have international roaming capabilities.

FIRSTNET MOBILE - POOLED PLANS AND FIRSTNET MOBILE - UNLIMITED PLANS FOR STATE AND LOCAL

GOVERNMENT: Require a FirstNet Capable device provisioned with a FirstNet Trio SIM card. **Eligibility:** The above FirstNet Mobile Plans are available only to state and local government Public Safety Entities that are Primary Users having a qualified Government Agreement. The plans are intended for use solely by Agency Paid Users. **Definitions: Public Safety Entities** are entities authorized by the First Responder Network Authority to obtain services under the FirstNet program. **Primary Users** are those Public Safety Entities that act as first responders, i.e., those entities whose primary mission and job function is to provide services to the public in the area of law enforcement, fire protection, emergency medical services, emergency management and emergency call (911) dispatching. **Extended Primary Users** are those Public Safety Entities that are not Primary Users, but who may be called upon to support Primary Users during the time of an emergency or its aftermath. **Agency Paid Users** are individual employees and contractors of a Public Safety Entity who are granted access to a FirstNet Mobile plan for which the Public Safety Entity is financially responsible. A **Government Agreement** is a qualified AT&T wireless service agreement between AT&T and a state and local government Public Safety Entity eligible to participate in the FirstNet program. Plans are subject to the terms of the Government Agreement and, when incorporated into the Government Agreement, the AT&T FirstNet Solution Service Guide.

FirstNet Evolved Packet Core Capabilities: See www.firstnet.com/features for the current capabilities of the FirstNet Evolved Packet Core. **International Roaming Blocking Feature:** All FirstNet Mobile plans are provisioned with the International Roaming Blocking Feature. Customer must remove the feature to roam in international locations other than Canada and Mexico. There is no charge to remove this feature, but international roaming outside of Canada and Mexico will be subject to additional charges. International roaming will require purchase of an international plan (sold separately). See www.firstnet.com/firstnetinternational for details. **Pricing:** Prices are for service only. Most customers' bills will show the net price of the Plan. Some customers' bills may show the net price after a credit has been applied. **Devices:** Sold separately. **Devices must be FirstNet Capable.** Installment plan charges and other device purchase costs are extra. A limit on the number of financed devices per wireless account may apply.

FirstNet Mobile Plan Discounts: The monthly service charges of FirstNet Mobile--Pooled Plans for use with an unsubsidized device are discounted by \$20 per month as compared to the standard monthly service charges of plans for smartphones used with a subsidized device; FirstNet Mobile--Pooled Plans for feature phones and data devices are similarly discounted by \$12 per month and \$10 per month, respectively. The FirstNet Mobile--Pooled Plan discount will appear on Customer's bill. FirstNet Mobile--Unlimited plans are not discounted. NO OTHER DISCOUNTS IN THE GOVERNMENT AGREEMENT APPLY. **Loss of Monthly Service Charge Discount:** If Customer upgrades to a subsidized smartphone, feature phone or data device, Customer will lose the applicable plan discount for that Agency Paid User.

DATA: For use in the United States, Puerto Rico and U.S. Virgin Islands (Domestic Coverage Area or DCA), other U.S. Territories, Canada and Mexico. Additional or promotional data may not be available for use outside the DCA. All AT&T service is subject to AT&T network management practices. See att.com/broadbandinfo for details. **Canada and Mexico Service Restrictions:** Plan usage not available in Canada and Mexico on Connected Devices. Pay-per-use roaming rates will apply on these devices.

FirstNet Mobile - Unlimited Plans: Unlimited plans do not pool. **Exclusions:** FirstNet Mobile- Unlimited Plans may not be used with any device or equipment that is intended to, or is used to, establish a continuous, unattended connection to the 4G LTE networks used to provide FirstNet services, including, but not limited to, automatic data feeds, mobile video transmissions, and automated machine-to-machine connections. FirstNet Mobile - Unlimited plans are unavailable to subscribers in American Samoa.

FirstNet Mobile – Pooled Plans: Within a single Billing Account Number (BAN), Agencies activated on separate FirstNet Mobile--Pooled Plans are combined to create a "Data Pool." Every billing cycle, each Agency Paid User first uses his or her plan's included data allotment, if any. If an Agency Paid User does not use all of the plan's Data Allowance, it creates an underage in the amount of the unused Data Allowance (Under Usage). If an Agency Paid User uses more than the plan's Data Allowance (e.g., any Agency Paid User with a 0GB plan), the Agency Paid User incurs Data Overage charges in the amount of the excess data usage (Over Usage). At the end of the billing cycle, AT&T calculates the total Under Usage amounts for Agency Paid User lines in the Data Pool and the total Over Usage amounts for Agency Paid User lines in the Data Pool and then compares the two totals. If the total Under Usage amount exceeds the total Over Usage amount, the excess Under Usage is allocated among each Agency Paid User in the Data Pool with Over Usage, resulting in per line credits on Customer's invoice equal to each such Agency Paid User line's Data Overage charges. Any remaining excess Under Usage will be forfeited. If the total

Under Usage is more than zero and if the total Over Usage amount exceeds the total Under Usage amount then the Under Usage is divided by the Over Usage to create an allocation factor that is applied equally to each Agency Paid User's Data Overage charges to determine each such Agency Paid User's share of the total Under Usage amount, resulting in per line credits on Customer's invoice to partially offset each such Agency Paid User's Data Overage charges. For example, if a Data Pool has 100 KB of Under Usage and 1000 KB of Over Usage (which means an allocation factor of 10%), then Customer's invoice will show, with respect to each Agency Paid User line with Over Usage, both (a) the Agency Paid User's Data Overage charges for the Over Usage at the specified Data Overage rate, and (b) a bill credit equal to 10% of the Agency Paid User's Data Overage charges. Changing or migrating Agency Paid User lines to FirstNet Mobile--Pooled Plans during a bill cycle may result in one-time prorations or other minor impacts to the credit calculation. If Customer's organization's Foundation Account Number has multiple BANs, Customer may have more than one BAN specific Data Pool; however, Agency Paid User Lines in one Data Pool cannot take advantage of another Data Pool's Under Usage, and each Agency Paid User line can only be part of one Data Pool at a time. AT&T reserves the right to limit the number of Agency Paid User lines in a Data Pool due to business needs and system limitations. **Data Overage:** If Customer exceeds the total amount of data in the Data Pool during a billing period, a pay-per-use rate of \$0.000009536 per kilobyte ("KB") will apply. 1,024 KB = 1 megabyte ("MB"); 1,048,576 KB = 1 gigabyte ("GB").

UNLIMITED TALK: For phones only. Includes unlimited calls within the DCA and other U.S. Territories (some plans also include calls within Canada and Mexico). **Unlimited Talk to Canada and Mexico:** For phones only. Includes unlimited International Long Distance (ILD) calling from the Domestic Coverage Area to Canada and Mexico only. Customer may be charged for calls to special or premium service numbers. **Calls to Other Countries:** Plans for phones also include ILD calling from the DCA, other U.S. Territories, Canada and Mexico to countries other than Canada & Mexico. Per minute pay-per-use rates apply unless an ILD service package is added to the line placing such calls. Rates subject to change without notice. For rates, see att.com/worldconnect.

UNLIMITED TEXT: Standard Messaging – For phones only. Includes unlimited number of messages up to 1MB in size within and from the DCA and other U.S. Territories (plans for smartphones and feature phones also include messaging within and from Canada and Mexico) to more than 190 countries for text messages and 120 countries for picture and video messages. AT&T may add, change, and remove included countries at its discretion without notice. Messages sent through applications may incur data or other charges. Visit att.com/text2world for details.

5G+ SERVICE: AT&T 5G (5G+) service requires a compatible FirstNet 5G rate plan, FirstNet SIM, a compatible 5G+ device, and no custom APN. 5G+ service is not available in most areas; it is available only in very limited parts of select cities. Device will display 5G+ coverage indicator when used in an area where 5G+ coverage is available. 5G+ service is available outdoors within line-of-sight of cell site only. Other restrictions apply.

FIRST PRIORITY®: Feature provides prioritization of select data, priority access to available network resources, and preemption capability. **Requirements:** Agency Paid User Lines must have a qualified FirstNet Mobile data plan and a 4G LTE- compatible, FirstNet Capable device provisioned with an Approved Business Application. **Pricing:** No additional charge for Primary User Public Safety Entity Agency Paid User lines. **Approved Business Applications:** Approved Business Applications are limited to applications directly related to the primary missions of Public Safety Entities. These include applications provided under the FirstNet agreement, including the App Catalog, and specifically exclude consumer oriented applications such as, but not limited to video streaming. Plans must be selected which support the type of application, such as Machine to Machine Plans for machine to machine applications, and are subject to the terms of those plans. To help maximize the performance of the network for all public safety users, Approved Business Applications utilizing video should be streamed at a resolution of 480p. Use of plans intended for Approved Business Applications exclude continuous unattended mobile video transmission applications. **Limitations:** Feature is available only in the DCA (excluding other U.S. Territories) and only for Customer's Approved Business Application data traffic originated on and traversing over the AT&T domestic 4G LTE network and the 4G LTE networks of AT&T's domestic rural providers connected to the FirstNet Evolved Packet Core. Feature may not be used for Internet traffic other than Customer's Approved Business Application data traffic. **Data Prioritization:** Feature does not prioritize Customer's Approved Business Application data traffic ahead of all other data traffic; other traffic may have the same or higher prioritization. **Priority Access:** Feature provides priority access to the available network resources of the AT&T domestic 4G LTE network and the 4G LTE networks of AT&T's domestic rural providers connected to the FirstNet Evolved Packet Core. **Preemption Capability:** In conjunction with priority access, grants Customer and its Agency Paid Users the ability to remove or reassign active sessions from other lower priority users' use of the AT&T domestic 4G LTE network and the 4G LTE networks of AT&T's domestic rural providers connected to the FirstNet Evolved Packet Core when network resources are scarce or occupied. Preemption capability is provisioned as a standard feature on Agency Paid Users' network profile. Available network resources may vary by circumstances and network demands. **First Priority® Uplift Management:** Provides Primary User Public Safety Entities' designated and authorized communications managers the ability to modify the relative priority and preemption capabilities of the Authorized Users of both Primary User and Extended Primary User Public Safety Entities provisioned with First Priority®. Uplifts may be performed for a minimum duration of 1 hour with a maximum of 48 hours for a given event through the use of the First Priority® Uplift Management portal. **Termination or Suspension:** AT&T reserves the right to terminate, suspend or restrict the feature if use is inconsistent with applicable terms and conditions; the Government Agreement; or Service Guide (if applicable).

GENERAL WIRELESS SERVICE TERMS: Subject to applicable Government Agreement. Service is not for resale. Other restrictions apply and may result in service termination. If Customer purchased a subsidized device that requires a term commitment, an **Early Termination/Cancellation Fee** applies if Customer cancels Agency Paid User service after the first 30 days and before the Agency Paid User Line service term ends. See att.com/equipmentETF for details on what fee may apply to device and how the fee is prorated over time. Activation/upgrade fee per line (up to \$50) and deposit may apply. Credit approval may be required. AT&T reserves the right to suspend or terminate service to Customer's account, place any non-complying device on an

appropriate plan, and/or add any other required element of a plan. **Other Monthly Charges:** Apply per line and may include taxes, federal/state universal service charges, a Regulatory Cost Recovery Charge (up to \$1.50), a gross receipts surcharge, an Administrative Fee (up to \$1.99), and other governmental assessments (including w/out limitation a Property Tax Allotment surcharge of \$0.20 – \$0.45 applied per Agency Paid User's assigned number), which are not government-required charges.

Pricing, fees, promotions, options, restrictions and terms subject to change and may be modified, discontinued or terminated at any time without notice. Invoicing Limitation: FirstNet plans are not eligible for combined (wireless/wireline) billing.

Coverage: Coverage map shows high level approximation of areas included in and out of plan. For the most current coverage info, check www.firstnet.com/coverage. Coverage may include areas served by unaffiliated carriers and not on AT&T's owned and operated network (off -net). Coverage is subject to change without notice.
