Available for both Agency Paid and Subscriber Paid lines of service. **Coverage:** Cruise Day Pass for First Responders ("CDPFR") applies to cellular use on eligible ships found at att.com/CDPlist. ("Ships") when a Ship is in international waters, which is generally 6 or more nautical miles from land ("At Sea"), with a Compatible Device connected to the qualifying maritime cellular network. The Ships' networks are turned off when not At Sea, at which time cellular service is provided by the nearest country. Once added, CDPFR will stay on the line until you remove it using one of the same methods. **Daily fee:** The first time you use data, make or receive a call, or send a text message on a Ship At Sea, you'll automatically be charged a \$20 daily fee ("Daily Fee"). Received text messages are rated as domestic and do not trigger a Daily Fee. The Daily Fee covers additional data, calls, and sent text messages for 24 hours from the initial use on any Ship. Subsequent 24-hour periods of usage on a Ship will incur additional Daily Fees unless you remove CDPFR from the line. **Coverage on Land or in Port:** CDPFR only covers usage while At Sea. The highest available data speed will be restored at the beginning of the next 24-hour period. See att.com/CDPlist for more information. **Incidental Data Usage:** Apps on your device use data even when you may not be aware. Such usage may trigger the Daily Fee. Includes calls received while At Sea and calls made while At Sea to the U.S. and to IDP destinations (for IDP destinations, go to firstnet.com/intlcountries). For details, go to att.com/intlcalling **Text:** For compatible phones only. Unlimited sent messages includes only AT&T Short Messaging Service (SMS) and Multimedia Messaging Service (MMS) sent while At Sea and not to other messaging services or applications like iMessage.
