Connect to virtually any data source, including: CAD / RMS, GIS, Twitter, ShotSpotter, camera systems and drones

## Real-time Awareness

Gain situational and spacial awareness, get real-time alerts, IoT sensor information, track assets and more

# Trusted By Cities Nationwide

"[Geoteamz City\*] lets you preplan and develop that pre-incident plan of what am I going to do when I get there. Where am I going to position my apparatus? Am I going to lay a supply line from the end of the driveway or go right to the house? You can literally envision what you're going to be pulling up to before you even get there."

**Paul Haas**

Dover Fire

\* Formerly known as PublicEye

"I have come to rely on the Geoteamz City\* platform daily. It's really been a companion to me and allows me as the police chief to very effectively monitor my organization wherever I happen to be."

**Chief Taylor**

Lowell Police
