WHAT ARE TODAY'S CHALLENGES WITH ICS FORMS?

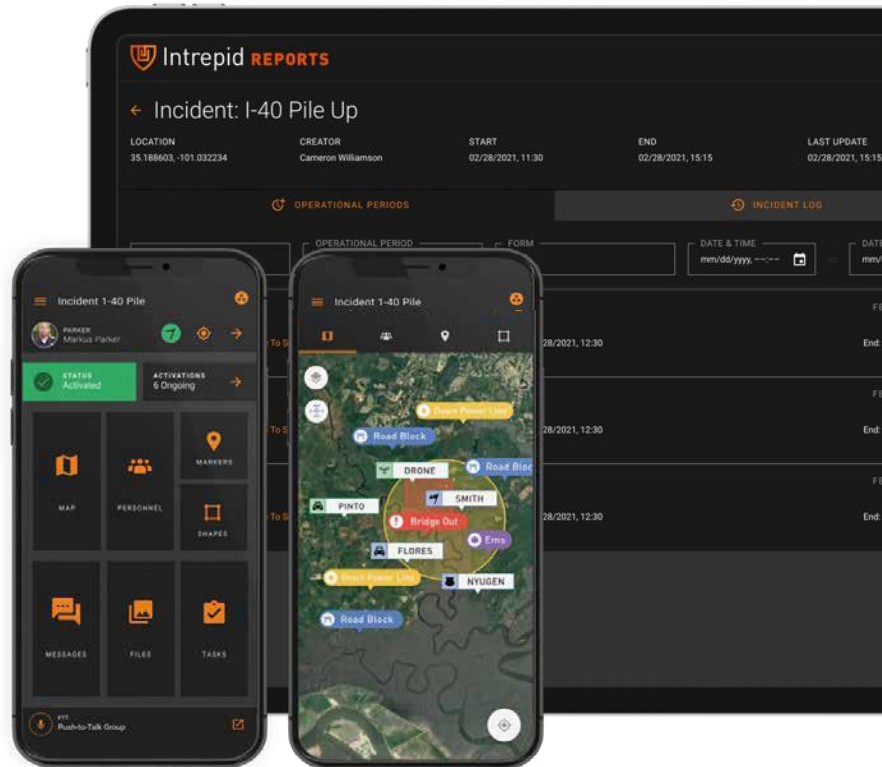

- Inefficiencies in completing, tracking down and reconciling ICS forms accurately.
- High error rates due to manual inputs.
- Wasting of valuable person-hours manually reviewing and filing multiple reports.
- Challenges in managing team assignments, goals and equipment.
- Inability to track the status of submittals for reimbursement.
- No means of direct communication with personnel.

Response for FirstNet | **REPORTS**

HOW DOES IT WORK

Intrepid REPORTS combines the Response for FirstNet situational awareness platform with cloud-based custom automation to auto-fill information and manage and track ICS forms during planned and unplanned events.

Intrepid REPORTS supports the following ICS Forms:
201, 202, 203, 204, 205, 205a, 206, 207, 208, 209, 211, 213RR, 214, 221

ADVANTAGES

- Improve coordination with live location, direct communication, information-sharing and emergency team activation.
- Swiftly check in and assign resources for planned and unplanned events.
- Increase form accuracy through ICS automation.
- Reduce personnel hours filling out ICS forms before, during and after incidents.
- Rapidly submit for reimbursement after an incident is complete.
- Download a PDF file of all ICS forms entered for an incident.
