

# Sonim MegaConnect™

## Connect anywhere with the world's most powerful Wi-Fi hotspot

**Sonim MegaConnect™** – the industry's **first ultra-portable 5G<sup>1</sup> High Power User Equipment (HPUE) mobile hotspot** – is revolutionizing connectivity for public safety. Rugged, powerful and built to move, MegaConnect is the latest in the FirstNet® MegaRange™ portfolio of solutions, delivering **greater signal strength, faster speeds and unmatched portability**. It's the smallest and most affordable HPUE device on the market, designed to fit in your hand and perform in the toughest environments.

### Why choose MegaConnect?

#### 6x the power

Only FirstNet enables MegaConnect to emit a signal **6x stronger** than it would with any other provider.\* This delivers **expanded coverage to rural, remote and hard-to-reach areas** where other hotspots fall short.

#### 2x faster upload speeds

MegaConnect **delivers lightning-fast upload speeds up to twice as fast at the edge of the network as standard devices**. This empowers first responders to quickly transmit critical data – whether streaming live video, sending high-resolution drone footage or coordinating mobile command centers in the field.

#### Better building penetration

MegaConnect's advanced technology **penetrates materials like glass, concrete and metal** more effectively, bringing FirstNet coverage indoors where signals typically struggle.

### Pricing

Sonim MegaConnect is available at an MSRP of \$499, with a **promotional price of \$99\*\*** for a limited time.

### What makes it mission-ready?

- **Power class 1 (1.25 watts):** Reach farther with stronger, more reliable coverage.
- **8000mAh Removable Battery:** Stay powered through long shifts with all-day battery life.
- **Compact and lightweight:** The smallest and most affordable HPUE device on the market – designed to fit comfortably in your hand.
- **Smart power modes:** 'No battery' and 'battery conservation' modes enable continuous operation when connected to external power.
- **FirstNet 5G Network with Band 14 Spectrum:** Benefit from prioritized coverage and enhanced signal reach tailored for public safety.

## Need more reach? Add the Parsec MegaReach™ Dock.

Public safety will be able to **double MegaConnect's power – from 6x to 12x that of standard devices** with the new Parsec MegaReach™ Dock. Featuring integrated high-gain antennas, advanced thermal management and enhanced cooling, it sustains peak performance during extended missions and heavy workloads.

- Parsec MegaReach Dock is available at an MSRP of \$299.

## Panorama Range Xtender

Part Number: DM-IN3058

The Panorama Range Xtender is an AT&T-approved custom antenna designed for the Sonim Mega Connect. It helps boost cellular and GPS performance on FirstNet networks.

- 5G/4G ready for reliable connectivity in remote and low-coverage areas
- GPS-enabled for pinpoint location accuracy
- Cost-effective, high-performance solution
- Plug-and-play setup for immediate deployment
- Versatile mounting options: place on a desk using built-in legs, or suction cup to a window for mobile solutions
- Panorama Range Xtender is available at an MSRP of \$99

## Stay connected. Stay mission-ready.

With Sonim MegaConnect, powerful 5G connectivity goes wherever you go. Learn more at [firstnet.com/megarange](https://firstnet.com/megarange).

<sup>1</sup>FirstNet 5G is not available everywhere. See [firstnet.com/coverage](https://firstnet.com/coverage) for coverage details.

<sup>\*</sup>This enhanced signal is available only on Band 14 spectrum, the spectrum to which AT&T has exclusive access for FirstNet.

<sup>\*\*</sup>Only in select channels. Available only to qualified FirstNet Agency customers. Requires new line and eligible service (minimum \$34/month). Up to \$50 activation fee may apply. Early termination fee (up to \$750), other fees, taxes, charges and restrictions apply. Subject to change. Get \$400 off eligible MegaRange devices with a 2-year service commitment. Offers and requirements subject to change at any time and without notice.
